

Design Specification Graphic Organizer

One Directions:

> Use the following resources to help you create a set of success criteria for your (partial) solution to the problem:

- your research of your self-selected problem
- the existing solution you evaluated and suggested improvement
- your global contexts sheet
- your design brief

> Questions to consider when looking at the needs of your solution:

- Why is there a problem in the first place?
- Who is affected? What would a solution do for them?
- In what ways do the current solutions fail?
- In what ways can the current solutions be improved?
- To what extent can you and the "clients" afford a solution?
- What components are essential for a solution to make a positive difference in the world?
- What constraints and limitations must you take into account?
- Is your list of success criteria realistic? If not, evaluate & revise until content!

Excellent - and comprehensive list!

Design Specification for the: (Partial) Solution to the Problem	
My (partial) solution must:	<input type="checkbox"/> explain problem ^{topic} and how it relates to clients.
<input type="checkbox"/>	explain key terms relating to LGBTQ+
<input type="checkbox"/>	define sexual orientations and gender identities
<input type="checkbox"/>	identify and educate about key problems LGBTQ+ people face
<input type="checkbox"/>	provide examples and explanations that people can understand and relate to
<input type="checkbox"/>	look at the big picture of who is all affected by the problem
<input type="checkbox"/>	keep in mind that not everyone will agree with my views
<input type="checkbox"/>	not put down any group/person. Stay appropriate and kind. <small>even to ignorant</small>
<input type="checkbox"/>	Must include everyone ^(or the most I can) in LGBTQ+ community. <small>(lesbian, gay, trans, bi, pan, etc)</small>
<input type="checkbox"/>	be free, can be done by all clients, and understandable <small>all the groups</small>
<input type="checkbox"/>	must have an overall positive impact
<input type="checkbox"/>	Must not impede on people's normal lives
